CAREER OBJECTIVE

CSE student with hands-on experience in developing responsive web applications using React.js, Next.js, and the MERN stack. Interested in building user-friendly solutions and growing as a Frontend Developer.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Java, PHP, JavaScript, TypeScript, Python
- **Frontend:** HTML5, CSS3, React.js, Next.js, Tailwind CSS, Vite
- **Backend:** Node.js, Express.js, REST APIs
- **Database:** MongoDB, MySQL
- **Authentication:** Firebase Authentication, Better Auth
- **Tools:** Git, GitHub, VS Code
- **Additional Knowledge:** Artificial Intelligence, Machine Learning

---

PROFESSIONAL EXPERIENCE

Artificial Intelligence Intern | Kryzotech, Dhaka, Bangladesh
2025 | 3 Months

- Gained practical exposure to Artificial Intelligence and Machine Learning concepts.
- Participated in AI-related learning activities and technical project development.

View Internship Certificate

PROJECTS

1. ShadowPrep – AI-Powered Interview Practice Platform | Live Demo | Frontend | Backend
An AI-powered interview preparation platform that helps students and job seekers improve their interview skills through realistic practice sessions and intelligent feedback.

- AI-powered interview practice with timed questions, voice input, and text-to-speech.
- AI answer evaluation, personalized feedback, and performance tracking dashboard.

Technologies: React, Vite, Tailwind CSS, Firebase, Node.js, Express.js, MongoDB, Gemini AI

2. Kindora – Community Volunteering Platform | Live Demo | Frontend | Backend
A full-stack platform connecting people with volunteering opportunities and community-driven social initiatives.

- Enables users to browse, create, manage, and join volunteering events.
- Implements secure authentication and duplicate registration prevention.

Technologies: Next.js, React, TypeScript, Tailwind CSS, Node.js, Express.js, MongoDB, Better Auth.

3. Bazar Dor – Commodity Price Information Platform | Live Demo | GitHub
A web application that helps users explore commodity price information through a simple and accessible interface.

- Provides commodity price information and secure user authentication.
- Uses MongoDB for data management and offers a responsive interface.

Technologies: Next.js, React, TypeScript, Tailwind CSS, MongoDB, Better Auth.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science and Engineering
Metropolitan University, Sylhet, Bangladesh
CGPA: 3.96/4.00 | Expected Graduation: 2027

LANGUAGES

- **Bangla:** Native
- **English:** Basic / Conversational
